Please contact us at info@advancedspirit.com for assistance. **NOTE:** All Star Programs must, FIRST, upload rosters into the USASF system and then associate your rosters with the Advanced SPIRIT event you wish to attend. Only then are we able to assist in uploading your rosters to the Advanced SPIRIT system.

WARM-UPS & PERFORMANCE SURFACE

Teams should report to warm-ups at least 10 minutes prior to their designated warm-up time to check in. Each team will have a total of 12 minutes for warm-ups at our Classic events. The warm-up area consists of 3 stations; 2-3 carpet-bonded foam mats, a 12' x 60' spring tumbling strip and a 54' x 42' warm-up floor. Teams will compete on a 54' x 42' spring floor.

DESIGNATED AREAS

Safety is our number one priority. Skills such as jumping, stunting and/or tumbling are restricted to the warm-up and competition mat only. Practicing these skills outside of the designated areas is prohibited. Our event staff is encouraged to remind coaches of this safety rule and is required to report any repeated non-compliance to the event manager.

SPOTTERS

Advanced SPIRIT will not provide spotters at our events. We feel program owners and coaches know their routines best and therefore should determine for themselves if additional spotters should be utilized. Advanced SPIRIT will allow teams to use *additional* "routine spotters" from their gym. "Routine Spotters" are additional spotters who are not part of the routine but have intimate knowledge of the stunts being performed. They exist for the purpose of spotting an "errant skill" and may not participate in stunts or help "save a skill". A maximum of 5 "routine spotters" are allowed. They must follow safety guidelines with regard to apparel/dress and should wear clothing that designates them as a spotter and is not distracting. Any infraction of the safety rules (ie; jewelry, inappropriate clothing, etc.) may result in a safety violation of .5 per infraction.

CROSSOVERS

We will make every effort to schedule warm-ups and competition times to accommodate crossovers however time between performance and practice cannot be guaranteed. Please be sure rosters are accurate so that we may identify potential issues in advance.

MUSIC LICENSING REQUIREMENTS

WHO IS REQUIRED?

This policy is for **ALL TEAMS** who use music for their performances. This includes All Star, All Star Prep, Rec, School and College Teams.

GOVERNANCE & EDUCATION

USA Cheer, the governing body for cheer in the US, has developed an educational initiative to provide music producers, coaches, professional members, athletes and spirit leaders with the information needed to help all groups understand U.S. copyright laws regarding music usage as part of performances, routines, competitions, school events, camps, etc. These laws were designed to protect artists, promote creativity and ensure that artists are compensated for their creations. Our guidelines were developed out of respect for all artists and to protect our members and all those involved in routines, competitions and performances of any kind in which music is used. Please visit www.usacheer.org/music for more information.

COACHES & GYM OWNERS

1. Coaches are responsible for ensuring the music used by their teams for any public performance and all competitions follow the USA Cheer music guidelines and is in compliance with U.S. Copyright law. Violators may be liable for fines up to \$150,000 per occurrence to the copyright owner, under U.S. copyright law.
2. For competitions or events, coaches should be prepared to submit a form that confirms your team's music has been appropriately licensed. This form must waive third party (event producer, DJ, venue personnel) liability from fines associated with playing unlicensed music.
3. Coaches must sign the policy agreement that signifies they understand their responsibilities regarding the **use of copyrighted music** at Advanced SPIRIT events; that all recorded cheer music **MUST** be properly licensed and that written confirmation of said license must be made available upon request. This agreement is part of the policy agreement signed upon registering for advanced spirit events.
4. Coaches must agree that if they have not met the requirements they will be given the opportunity to count the routine verbally. They may not play unlicensed music.

General Policies & Procedures

INTERRUPTION OF PERFORMANCE DUE TO INJURY

Event officials, coach of the injured athlete and/or the injured athlete may stop a routine due to an obvious injury when the injury would compromise the safety of said athlete or his/her team members. If the routine has been stopped due to an injury, the team will clear the floor and report back to the warm-up area within 15 minutes of the injury. They will be given the opportunity to rotate through the warm-up stations if they so choose. That team will then have the option of performing their routine again at the discretion of the head coach. The safety of performing the routine without the injured athlete should be top priority and is at the discretion of the head coach. Judging will resume from the point at which the injury/interruption occurred as determined by the Head Judge. The original routine must be performed "full out" from the beginning. All point deductions accumulated to that point, will carry over from the 1st performance. If a team prefers not to re-work the routine and perform again, at the coach's discretion, they may take the score they have received up to that point. If a skill has not been performed a "0" will be given in those categories.

ATHLETE RETURNING TO COMPETITION (after injury)

An injured participant may not return to the competition floor unless the competition officials receive clearance from ALL of the following; event medical personnel AND parent/guardian AND head coach/gym owner of competing team. In the event of a suspected head injury the participant will not be allowed to return without written authorization from a licensed medical professional with training in the field of head injuries.

CODE OF CONDUCT

To ensure the most positive experience for all participants, coaches and spectators alike, we ask that the following Code of Conduct be adhered to during all aspects of the event.

1. Participants, coaches, advisors and spectators must maintain a high level of good sportsmanship.
2. Belligerent behavior by participants, coaches/advisors or spectators toward any event personnel, Advanced SPIRIT Event Staff or other participants, coaches/advisors or spectators will not be tolerated. Unsportsmanlike conduct by coaches/athletes may result in a 2.0 deduction, team disqualification and/or removal from the event and future events.
3. Routines and music should be appropriate and suitable for family viewing. Vulgar, suggestive or offensive words, movements and/or music are not permitted and will result in a .5 deduction at the discretion of the head judge/judging supervisor.
4. Participants, coaches, advisors and spectators are prohibited from making contact with the Judges during the competition.
5. General questions or concerns may be brought to the Coaches Information Center. The appropriate Advanced SPIRIT Official will then be called to discuss the situation with the coach or advisor. Questions regarding scoring should be brought to the Advanced SPIRIT "Score Rep" located in the arena.

Divisions

DIVISIONS

4. Traditional Rec Cheer

ALL STAR CHEER / DANCE

All-Star Cheer is defined as a program with teams that are based out of a private gym or studio, whose sole purpose is to compete at cheerleading/dance events. This type of team does not cheer, dance or support any other athletic team or sport. Team members must fulfill the age requirement for the division that they are competing in, on/before August 31, 2018. Teams must be associated with a USASF member gym and all athletes and coaches must be registered with the USASF. Participants may not represent more than one all star program at an event.

ALL STAR DIVISION II

Advanced SPIRIT may split the division into Division I (DI) and Division II (DII) when there are at least two teams that will ultimately be registered in each respective division. The designation of DI and DII divisions must follow the USASF Division II definition. **See "DIVISION II" Definition below;**

1. A "Division II" PROGRAM is defined as having 125 or fewer athletes registered in its competitive cheer program. Exhibition teams, crossover athletes, FUNDamental athletes, Novice athletes, CheerABILITIES athletes and dance teams do not count toward the 125 or fewer athletes. All Star Cheer Elite and Prep athletes are counted toward the 125 athletes or fewer.
2. It is up to the event producer's discretion as to how to monitor "Division II" status for their particular event, given the definition provided.
3. Multiple-location programs must follow the Program Classification as outlined in USASF PROGRAMS: CLASSIFICATIONS & PROGRAM DEFINITION. Once a program has 126 (or more) competitive Elite and/or Prep cheer athletes, OR "opts-in" to compete DI the program is no longer eligible for Division II status for the remainder of the competitive season regardless of the number of athletes that may have in their program at any given time.

SCHOOL & COLLEGIATE CHEER / DANCE

A School/College Team is defined as one that is governed by and primarily affiliated with an accredited Elementary, Middle, Junior High, High School, College or University. The primary purpose is to increase school spirit at school sponsored events. Athletes must be official students of the school/college/university team they represent.

ALL STAR PREP

The Advanced SPIRIT Association defines an All Star Prep team as a team composed of members, belonging to an All Star gym. Some gyms call them ½ year teams. Requirements for this division are as follows;

1. Routine length will be 2 minutes.
2. Basket Tosses are NOT allowed.
3. All Star Prep Athletes are not allowed to crossover to a USASF All star cheer division.

5. Athletes registered in All Star Prep will count towards a gyms enrollment when determining gym status.
6. Teams registered in All Star prep division will be not be combined into All Star divisions.

Divisions

RECREATIONAL (REC) CHEER

The age of competitor as of August 31, 2018 will be used for the 2018-2019 competition season for all REC divisions. See the DIVISIONS listing for available divisions and age requirements. Recreational Cheerleading teams must be affiliated with, report to, and be governed by an organization such as the YMCA, Boys and Girls Club, City/County Parks and Recreation Program, Community Youth Organization ie; Pop Warner Association and/or any other community run program that is NOT associated with a school or all-star program.

Advanced SPIRIT recognizes that REC Cheerleading does not have an “overall” official governing body and that REC teams may have different guidelines to follow within their individual organizations. Please adhere to the guidelines of your organization and select the division that best fits the age and abilities of your athletes. Advanced SPIRIT reserves the right to combine or open new divisions at any time leading up to the event.

Programs must choose one REC Type (Club or Traditional) and ALL teams within the program must compete in the same division “TYPE”. **Please note:** Neither club rec nor traditional rec teams may be part of an all-star program. If your team is part of an all-star program they must register as All-Star Prep.

CLUB REC

Club Rec may or may not cheer for sports teams but they perform various times throughout the season. Organization is completely independent from all-star. Organization may be independent of town/city organization. Club rec divisions that have level restrictions and will be judged on The Advanced SPIRIT Club Rec Score Sheet. See Rec divisions listing for more details.

TRADITIONAL REC

Traditional Rec teams must be affiliated with and be governed by an organization (ie; Pop Warner, YWCA, Park and Rec departments). The basic component of traditional rec is that they focus on cheering for athletic teams and compete periodically. They are completely independent from all-stars. This division will be judged on the Advanced SPIRIT Traditional Rec Score Sheet. See Rec divisions listing for more details.

The following skill caps will be in place for traditional rec divisions;

1. 2:30 minute time limit
2. No basket tosses allowed at any level
3. No stunt quantity or coed quantity requirement
4. Stunt difficulty, pyramid difficulty, standing tumbling difficulty and running tumbling difficulty are capped at low range.

ALL STAR PREP DANCE

All Star Prep Dance teams are designed with the purpose of introducing athletes into the sport of dance with a lower commitment than full year teams. All Star Prep Dance Divisions are for those teams that may not follow the same participation (full-year) guidelines or requirements as a competitive All Star dance team. Competitive Prep dance teams may or may not be affiliated with an All Star program. Prep Dance teams may practice and compete less than “full-year” All Star teams. Prep Dance teams are often “half year” teams or teams that may be developed to offer a shorter season, more relaxed environment and less travel.

EXHIBITION TEAMS

This division was created for teams who are looking to perform for evaluative purposes only but who are not ready to compete. Teams will be categorized as REC, all-star, school, college, etc. for the purpose of placement in the schedule. Team members must fulfill the age requirement for the division that they are entering and must adhere to the Division/Age Grid and Level Rules as would any other team. Registration fees for exhibition teams will be the same as All Star Prep registration fees for each specific event. Teams will receive recognition for their participation. Awards will vary from event to event. Teams are automatically ineligible for prize money, level champ awards and specialty awards. All star teams wishing to exhibition must be members of the USASF.

In other words once a new division begins (even when it's within the same level) the scores from the division prior are not necessarily a factor in determining the scores for the current division. Since the new scoring system functions this way Advanced SPIRIT has designated the following process for level champs selection.

LEVEL CHAMPS SELECTION

Level Champions will be selected based on judge's choice after a comparison of all the division winners at each level. Through careful evaluation and direct collaboration, judges will determine the level winner. All factors of the routine will be considered. The judge's panel will have the option for video review. All judge's decisions are final and may not be contested.

JUDGING & SCORING

SCORE REP STATION

In order to serve you better we offer a station with a Score Representative. This will be the location where coaches may review the *Difficulty Range Verification Form or DRV*. This form and verification procedure is outlined in the scoring section of this document. Coaches will also PICK UP their score sheets from this station upon the completion of the awards ceremony. We ask that all questions regarding score sheets and legalities be brought to the Official Advanced SPIRIT Score Rep. Inquiries regarding score sheets may be made ONLY by the rostered coach(s) and/or program owner of your team. Please do not send more than 2 coaches, advisors or gym owners to the score rep station at any given time.

JUDGING & SCORING

1. The Advanced SPIRIT scoring system is based on the industry standard and has been developed through the collective efforts of industry professionals. Score grid & Score sheets are available at www.advancedspirit.com.
2. Panel judges will score each team performance using the scoring grid to determine the appropriate range.
3. Point Deduction / Legality judges will assess each performance from beginning to end of each routine.
4. A head judge will oversee the panel and the point deduction/legality judges.
5. Decisions of the head judge are final and may not be changed once placements are announced.
6. Coaches should not approach the judge's table under any circumstance.
7. **DRV:** Your Difficulty Range Verification form (see below) will be available at the Score Rep Station 10 minutes after you compete. All inquiries with regard to range scoring must be addressed at this time prior to awards. Final Score Sheets will be available at the Score Rep Station after each awards ceremony.

DIFFICULTY RANGE VERIFICATION (DRV)

Advanced SPIRIT offers coaches the opportunity to review their scored range, PRIOR to the awards ceremony. The Advanced SPIRIT "Score Rep" will receive a copy of each team's **difficulty range verification form (DRV)** within minutes of the routine end. Coaches should visit the Score Rep Station to pick up a copy of this form within 10 minutes of completion of their performance to ensure there is adequate time to discuss any concerns prior to awards. Coaches may opt to have the routine reviewed by the Score Rep provided they do so within 10 minutes of picking up their form. This must happen prior to the awards ceremony. The Score Rep will review the routine and answer any questions. If the Score Rep feels there is a discrepancy he/she will communicate with head judge for final ruling. Decisions of the head judge are FINAL.
