 - Knee or knees down in tumbling or jump skills

BUILDING FALL - .75

During pyramids where a fall continues to effect other portions of the pyramid, the deduction will not exceed 1.75. Two separated pyramids will result in separate deductions. The MAX deduction for a pyramid will not exceed 3.5.

RULE VIOLATIONS

BOUNDARY VIOLATIONS - .25

The performance surface is defined as the 42' x 54' competition floor. The competition boundary is defined as the performance surface and any immediate adjacent safety border. A .25 deduction will be assessed per occurrence for an athlete that makes contact with both feet outside the competition boundary. Stepping on, or just past the white tape is not a boundary violation.

TIME LIMIT VIOLATIONS - .25

Teams that exceed 2:30 will be subject to the following deduction:

- 1 or more seconds over time will result in a .25 deduction
 - The routine time limit is 2:30. Routines that exceed this time limit run a risk of being assessed a deduction. Judges will use a stop watch or similar device to measure the official time. Acknowledging the potential variance caused by human reaction speed and sound system time variations, judges will not issue a deduction until their stopwatch/clock shows a time that exceeds 2:32.

SAFETY VIOLATIONS

- **.50** - Tumbling skills performed out of level and General Safety Guidelines will be issued a .50 deduction.
- **1.0** - Building skills performed out of level will be issued a 1.0 deduction.

IMAGE POLICY - .25

Inappropriate choreography, uniform and/or music, as well as violations that break the image policy will be issued a .25 deduction.

UNSPORTSMANLIKE CONDUCT DEDUCTION - 1.0

When a coach is in discussion with an official, other coaches, athletes and parents/spectators they must maintain proper professional conduct. Failing to do so will result in 1.0 deduction and removal of coach or disqualification.

Includes the following:

- Inappropriate and deliberate physical contact between athletes during the event
- Abuse of equipment or any items associated with the event
- Using language or a gesture that is obscene, offensive, or insulting
- Using language or gestures that offend race, religion, color, descent or national or ethnic origin
- Failing to perform a routine
- Excessive appealing at Score Review
- Showing dissent towards scoring official decision by word or action
- Threat of assault to an event representative
- Public criticism of an event related incident or event official

MINIMUM ATHLETE REQUIREMENT

If a team competes with fewer than the minimum number of athletes for their specific division, a deduction will not be assessed if that team is registered and rostered with the minimum amount of athletes required for that division. Teams that register, roster, and compete with fewer than the number of athletes required for a specific division will either be moved to the correct division or issued a 5 point deduction.

From a judging perspective, all teams competing with fewer than the number of athletes required will be scored as if they meet the minimum athletes requirement (in terms of majority and most) and will not be eligible for bids to any end-of-season events.

2018 - 2019 SAFETY DEDUCTION PROCESS

Advanced SPIRIT’s protocol for assessing either; warnings, minor deduction or “full” deduction is listed below. The safety judge will be instructed to follow these procedures if and when a safety deduction is warranted. Please be aware the USASF safety judge is required to submit all findings to the USASF post event. Safety violations (including warnings) will be tracked by the USASF to either follow up with a program when necessary and to further the education of the industry as a whole.

NOTE: Legality rulings of a same skill at a prior Advanced Spirit event, WILL affect the ruling at the event today. Example: If a team receives a “warning” for the minority of stunts performing an illegal skill at one event and then returns to a future Advanced SPIRIT event and performs that same skill illegal again, a Minor deduction will be assessed.

Rule Infractions

BOUNDARY VIOLATIONS = 0.25 points

The performance surface is defined as the 42’ x 54’ competition floor. The competition boundary is defined as the performance surface and any immediate adjacent safety border. A 0.25 deduction will be assessed per occurrence for an athlete that makes contact with both feet outside the competition boundary. Stepping on, or just past the white tape is not a boundary violation.

TIME LIMIT VIOLATIONS = 0.25 point

The routine time limit is listed below. Judges will use a stop watch or similar device to measure the official time. Acknowledging the point of variance caused by human reaction, speed, and sound; judges will not issue a 1.0 point deduction until their stopwatch/clock shows a time that exceeds the maximum time limit by 3 seconds.

CHEER: All Star, International /Performance & Traditional Recreation/School/Collegiate: 2:30
All Star Prep: 2:00 All Star Novice: 1:30

WARNING = 0.0 point

* If less than a majority of groups (up to 50%) perform a building skill illegally.

(There must be a legal version being performed simultaneously for comparison.)

(In pyramids, “majority” is defined by the number of groups performing the illegal skill not the total number of groups in the pyramid.)

* If a team has submitted USASF legally approved video of the skill performed the same way at competition but the skill is now illegal.

* If a team has submitted USASF legally approved video of the skill performed the same way at competition but the USASF video ruling is incorrect.

* The skill performed is unclear for the judge

Teams that receive a warning at a competition, need to take the time to fix the skill and make it legal prior to their next competition for the safety of the athletes.

MINOR DEDUCTION = 0.50 point

* Illegal Tumbling Skill

* General Safety Violation

* Image Policy (*Cheer only*)

* Appropriate Choreography & Music

* Advanced SPIRIT General Guidelines

* Coach/athlete not on team performs/assists a building/tumbling skill

** For multi-performance competitions: If an illegal building skill is warned during the first performance, and all groups are not fixed during performance 2, then a minor deduction will be assessed.*

** For future brand competitions: If a team is given a warning at a competition and less than a majority of groups perform the same skill illegally at a later competition, the team will receive a minor deduction.*

DEDUCTION = 1.0 point

* If a majority of groups (more than 50%) perform a building skill illegally.

* If only one group performs a building skill and it is illegal. (*There is no legal version being performed for a comparison.*)

* Time Limit Violation

Unsportsmanlike behavior may include, but is not limited to: the use of any type of profanity; approaching or taunting fans, parents, cheerleaders, dancers, coaches, event officials, Advanced spirit staff members, and or judges in a manner that does not show mutual respect and cooperation. Any display of unsportsmanlike behavior by any team member, coach, or team representative, as well as teams who do not remove themselves in a timely manner from the warm-up area/floor when their assigned time has elapsed will receive a deduction.
